Meet Readatron-15! As you assemble each part of your very own moveable 3-D robot, Readatron-15 will show you how strong reading skills are an important building block for all subjects at school.

**WHAT YOU WILL NEED:**
- paper (thicker paper works best)
- scissor or craft knife
- crayons, colored pencils or markers
- glue

**INSTRUCTIONS:**
1. Color robot parts.
2. Cut along dashed lines.
3. Fold on thick black lines.
4. Add thin layer of glue to gray areas to assemble.
ART
Place inside shoe.

LEFT LEG

RIGHT LEG

SOCIAL STUDIES
Place inside shoe.

SHOE

Glue to torso.
